International Comparison of Corporate Tax

APRIL 25, 2017

Today, the American Action Forum (@AAF) released an infographic on corporate tax reform. The infographic summarizes U.S. history of corporate tax and its lack of reform towards international tax norms.

INTERNATIONAL COMPARISON OF CORPORATE TAX

The U.S. corporate tax rate has changed:

U.S. FEDERAL CORPORATE RATE

AFTER 1986 ACT

34%

AFTER 1993

35%

Meanwhile

ALL BUT **TWO** COUNTRIES

have dramatically reduced their corporate rates

The U.S. is the only OECD country that on net increased its corporate tax rate as a result of a single percentage point increase enacted in 1993
