AAF Examines the Employment Effects of the Medical Device Tax

MARCH 2, 2017

The American Action Forum (@AAF) today released research examining how the Medical Device Tax has impacted employment. Over the three years the tax was in effect, the medical device industry lost more than 28,000 jobs. AAF research projects that if the tax resumes in 2018, up to 25,000 additional jobs could be lost by 2021.
