AAF Releases Video: The Forum at Five

MARISOL GARIBAY | APRIL 21, 2015

Ahead of the American Action Forum's 5th anniversary celebration this evening, AAF is releasing "The Forum at Five." The five minute video looks back at the founding of the Forum, examines their growth and success, and takes an eye to the future in considering what's next for the five-year old think tank. The Forum has grown from a two-person organization to a staff of 30, with experts in twelve different policy areas. *The Forum at Five* tells the story through interviews of senior AAF experts, board members, and Members of Congress.
