Housing Chartbook Q2 2023

PAULINA ENCK | SEPTEMBER 12, 2023

Housing market data remain contradictory and difficult to parse. While the rent growth rate seems to be slowing, home sale profits appear to be rebounding. While demand remains high and supply constrained, new apartment construction has hit a peak not seen in decades. Director of Financial Services Policy Thomas Kingsley provides an up-to-date survey of mortgage rates and originations, housing permits and starts, construction, vacancies, and prices.
